

# SELF-ADHESIVE APPLIANCE HOLDER STEGOFIX

## SF 095

- > Direct fixing of small appliances and 35 mm DIN rails
- > Simple to mount
- > Self-adhesive

With STEGOFIX small appliances can be mounted in enclosures significantly quicker, easier and more economically than before, without drilling holes. Mounting DIN rails is a simple matter with STEGOFIX. Longer rails are mounted on several STEGOFIX units and joining two rails is also not a problem. Subsequent changes and the mounting of additional appliances can be carried out with ease – even in confined spaces. STEGOFIX is a self-adhesive plastic unit with an adhesion power which will bear a continuous load of 500 g. The high-performance industrial adhesive band is also non-ageing and designed with safety tolerances.
